Inspire.
Be the change

An education which gets you thinking.

Let your words and actions inspire others around the world.

Law students from various parts of the world came together for The Copenhagen Climate Change Competition to negotiate and share their ideas for the Copenhagen Protocol. As the winner of the competition, the NUS submission was presented to the Danish Prime Minister and other key players involved in the negotiations for the Copenhagen Protocol.

Applications to NUS will be open to all nationalities presenting the Singapore-Cambridge GCE ‘A’ Level qualification, 3 working days after the release of 2009 results.

Applications close 1 April 2010.
Apply online at nus.edu.sg/admissions/undergrad
