

APCEL Specialist Group on Climate Change Adaptation

APCEL Climate Change Adaptation Platform

Arising from the highly successful workshop by the APCEL Specialist Group on Climate Change Adaptation: *Adaptation to Climate Change - ASEAN and Comparative Experiences**, held from 17 – 18 July 2014, Faculty of Law, NUS, the Group has established a *Platform* to encourage dialogue on adaptation to climate change. Adaptation has impacted on many interlocking issues, including 'loss & damage', 'food and water security', 'biodiversity', and 'disaster risk reduction'.

The main objective of this *Platform* is to encourage transnational exchange of experiences and to bring about effective solutions. Writers can submit policy briefs, commentaries which can provide stakeholders such as policy makers, the judiciary, the private sector, NGOs, CSOs to move forward from the 2015 Paris climate negotiations.

Please submit your paper in Microsoft Word format (between 600 – 1000 words) to:
