17 Aug 2017 • 4.30pm – 6.10pm (Registration starts at 3.30pm)
Moot Court, Faculty of Law, NUS (Bukit Timah Campus)

The Lecture will discuss the coordination of international insolvency proceedings to maximize values for stakeholders, while reducing conflict and inefficiencies among national courts. Although developments in several jurisdictions will be discussed, the analysis will focus on Singapore and the United States.

This Lecture is particularly timely and relevant to legal practitioners, accountants, financial advisers and students of the law given the coming into force of the Companies (Amendment) Act 2017 on 23 May 2017. Amongst other things, this has introduced into Singapore law the UNCITRAL Model Law on Cross-Border Insolvency which provides mutual recognition of insolvency orders and renders reciprocal aid in insolvency proceedings.

About the Centre for Banking & Finance Law

The Centre for Banking & Finance Law (CBFL) at the Faculty of Law, National University of Singapore, seeks to generate scholarship and promote thinking about the vibrancy, robustness and soundness of the banking sector, capital markets and other financial services. Through the research our scholars undertake and the events we organise, we seek to create and share knowledge, to engage stakeholders in an exchange of ideas, and to enhance the appreciation of legal and regulatory issues. We aim to bring greater theoretical and analytical clarity to these issues, to examine their policy impact, and to be a catalyst for ideas on how to improve banking and financial systems at the national, regional and global levels.
