Use of Electronic Calculators in Assessments

1. Students are not required to go to different departments to have their calculators verified or stamped prior to the assessments. Students should check with their lecturers for models that are permitted to be used.

2. For assessments where calculators are permitted, students are required to,
   i. ensure that their electronic calculators are silent without print-out facilities
   ii. ensure that their calculators are in working condition, because students are not allowed to borrow calculators from other students, or requests for replacements during the assessments
   iii. there are no calculator covers, instruction leaflets or instructions and formulae printed on the lid/cover of the calculator
   iv. be responsible to clear any information and/or programmes stored in the programmable calculators prior to the assessments, where programmable calculators are permitted

3. Calculators with the function of communication with other machines, palm-top PCs, electronic organisers, digital diaries/dictionaries and notebook computers are not permitted.
