⁸ The following is a list of the names and years of publication of Indonesian law journals. This list is derived from *Daftar Majalah Hukum Indonesia/ Checklist of Indonesian Legal Periodicals 1947-1982* by Gregory Churchill and Momi S. Sumardi (Jakarta: Pusat Dokumentasi Hukum (Legal Documentation Center), Universitas Indonesia (1983)) which lists the year, volume, number and date for each issue as well as information on the name and address of the publisher for each journal. The list only cites the address for journals which are known to be currently publishing. Libraries which are interested in building a collection of Indonesian law journals should order the above mentioned Checklist from the Legal Documentation Center, Jalan Cirebon No. 5, Jakarta.

It is very difficult to keep a journal alive in Indonesia and is generally only possible when subsidies are available. Consequently, most journals are shortlived or, if they survive, will disappear for a number of years and then re-emerge, sometimes with a different name. Libraries wishing to place standing orders should bear this in mind. Titles of the most important journals are marked with asterisks.
